

Safety Data Sheet

LIPOSOMAL NAD+ • DIETARY SUPPLEMENT (ORAL / SUBLINGUAL LIQUID) • 16-SECTION FORMAT (OSHA HCS 2012 / GHS)

1 Product & Company Identification	
Product Name	Liposomal NAD+
Product Code / SKU	SPTLN-6000L
Product Use	Dietary supplement, for oral / sublingual use
Restrictions for Use	See Section 16
Manufacturer / Supplier	Stirling Professional 2500 Regency Parkway, Suite 283 Cary, NC 27518, USA
Product Information	800-201-2840 x2
Product Ingredients	Purified Water, NAD+ (Nicotinamide Adenine Dinucleotide), Sunflower Lecithin, Organic Oil (Lemon & Mint), Organic Monk Fruit Extract, Ascorbic Acid (Vitamin C).
Format	6,000 mg per bottle - 200 mg NAD+ per dropperful
Flavor	Lemon Mint
2 Hazards Identification	
Classification	Not classified as a hazardous substance or mixture according to the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard 2012. This product is a food-grade dietary supplement.
Other Hazards	No applicable data available.
3 Composition / Information on Ingredients	
Disclosure	This product does not contain components that require disclosure according to the OSHA Hazard Communication Standard 2012. All ingredients are food-grade.
4 First-Aid Measures	
General Advice	No applicable data available.
Inhalation	No hazards which require special first-aid measures.
Skin Contact	No hazards which require special first-aid measures. Rinse with water if irritation occurs.
Eye Contact	Flush eyes with water for at least 15 minutes. Get medical attention if eye irritation develops or persists.
Ingestion	This product is intended for oral consumption. If an unusually large amount is ingested and you feel unwell, seek medical advice.
Most Important Symptoms / Effects	No applicable data available.
Protection of First-Aiders	No applicable data available.
Notes to Physician	Treat symptomatically.

5 Fire-Fighting Measures

Suitable Extinguishing Media	Water, foam, dry chemical, carbon dioxide (CO2).
Unsuitable Extinguishing Media	No applicable data available.
Specific Hazards	Exposure to decomposition products may be hazardous to health.
Special Protective Equipment	No self-contained breathing apparatus and protective equipment needed.
Further Information	Evacuate personnel to safe areas. Evacuate personnel and keep upwind of fire.

6 Accidental Release Measures

Note	Review Fire-Fighting Measures and Handling (Personnel) sections before proceeding with clean-up. Use appropriate personal protective equipment during clean-up.
Safeguards (Personnel)	No applicable data available.
Environmental Precautions	Do not flush into surface water or sanitary sewer system.
Spill Clean-Up	Contain spillage, absorb with inert material, and transfer to a container for disposal according to local/national regulations (see Section 13). Note that spilled liquid may make surfaces slippery.
Accidental Release Measure	No applicable data available.

7 Handling & Storage

Handling (Personnel)	No special precautions are needed in handling this material. Follow good industrial hygiene and food-handling practices.
Handling (Physical Aspects)	No applicable data available.
Storage	Store in a cool, dry place. Keep container tightly closed to prevent contamination and protect from light. Refer to product label for post-opening refrigeration guidance.
Storage Period	Use by the "Best By" date printed on the product label.
Storage Temperature	<i>To be confirmed</i>
Maximum Temperature	<i>To be confirmed</i>

8 Exposure Controls / Personal Protection

Control Parameters	For substances listed in Section 3 that are not listed here, there are no established exposure limits from the manufacturer, supplier, importer, or the appropriate advisory agency including ACGIH (TLV), AIHA (WEEL), NIOSH (REL), or OSHA (PEL).
Engineering Controls	Ensure adequate ventilation, especially in confined areas.
Respiratory Protection	Not normally required under recommended conditions of use.
Eye Protection	No safety glasses with side shields needed under normal handling.
Skin & Body Protection	No skin/body protection needed under normal handling.
Exposure Guidelines	This product does not contain any exposure limit values that require disclosure according to OSHA Hazard Communication Standard 2012.

9 Physical & Chemical Properties

Physical State	Liquid
Form	Liposomal liquid (tincture)
Color	<i>To be confirmed</i>
Odor	Lemon mint (characteristic)
Odor Threshold	No applicable data available.
pH	<i>To be confirmed</i>
Melting / Freezing Point	No applicable data available.
Boiling Point	No applicable data available.
Flash Point	No applicable data available.
Evaporation Rate	No applicable data available.
Flammability (solid/gas)	No applicable data available.
Explosion Limits (upper/lower)	No applicable data available.
Vapor Pressure / Density	No applicable data available.
Specific Gravity (rel. density)	<i>To be confirmed</i>
Water Solubility / Solubility	Miscible / dispersible in water (liposomal).
Partition Coefficient (n-octanol/water)	No applicable data available.
Auto-Ignition Temperature	No applicable data available.
Decomposition Temperature	No applicable data available.
Viscosity	<i>To be confirmed</i>

10 Stability & Reactivity

Reactivity	No applicable data available.
Chemical Stability	Stable at normal temperatures and storage conditions.
Possibility of Hazardous Reactions	Hazardous polymerization will not occur.
Conditions to Avoid	Excessive heat, direct sunlight, and freezing.
Incompatible Materials	Strong acids and strong oxidizing agents.
Hazardous Decomposition Products	No decomposition if stored normally.

11 Toxicological Information

Further Information	No data is available on the product itself.
Acute Toxicity	Not classified
Skin Corrosion / Irritation	Not classified
Serious Eye Damage / Irritation	Not classified
Respiratory or Skin Sensitization	Not classified
Carcinogenicity	None of the components present in this material at concentrations equal to or greater than 0.1% are listed by IARC, NTP, or OSHA as a carcinogen.
Route of Exposure	Intended for oral consumption as a dietary supplement per label directions.

12 Ecological Information

Additional Ecological Information	No data is available on the product itself.
--	---

13 Disposal Considerations

Waste Disposal Methods – Product	Treatment, storage, transportation, and disposal must be in accordance with applicable federal, state/provincial, and local regulations.
Contaminated Packaging	Dispose of in accordance with local regulations.

14 Transport Information

DOT / IMO / IATA	Not regulated in transportation by DOT / IMO / IATA.
Classification	Not classified as dangerous in the meaning of transport regulations.

15 Regulatory Information

TSCA	Ingredients are food-grade and are used in a food / dietary-supplement application; they are exempt from TSCA inventory requirements.
FDA	This product is a dietary supplement and complies with the appropriate sections of the U.S. Food and Drug Administration, Code of Federal Regulations (CFR) Title 21. This product is not intended to diagnose, treat, cure, or prevent any disease.
SARA 311/312 Hazard Classification	No SARA Hazards.
SARA 313 Regulated Chemical(s)	This material does not contain any chemical compounds with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.
California Prop. 65	<i>To be confirmed</i> prior to distribution in California.

16 Other Information

Disclaimer	The information provided in this Safety Data Sheet is correct to the best of our knowledge, information, and belief at the date of its publication. This information is designed only as guidance for safe handling, use, processing, storage, transportation, disposal, and release, and is not to be considered a warranty of quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.
Preparation Note	Fields marked " <i>To be confirmed</i> " require finished-product data and should be completed before external distribution.
Issue Date	06/01/2026
Revision Date	06/01/2026
Reference	20260601

Manufacturer document. This Safety Data Sheet is authored by Stirling Professional and is not a laboratory Certificate of Analysis. Potency and purity claims for this product are substantiated separately by finished-product testing. Physical-property and regulatory fields shown as "To be confirmed" should be completed from that testing before the document is distributed externally.
